**NHS DUMFRIES AND GALLOWAY** are currently undertaking an online survey to capture the views of as many local young people as possible on the potential new service they are looking to offer within Sexual Health. The service they are proposing is a live chat that would allow young people direct access to one of their nurses to discuss any sexual health concerns they may have. The service aims to reduce inequalities with regard to rurality / transport poverty as well as provide more confidentiality compared to speaking with a clinician on the phone.

The survey is open until **14 February** and can be accessed at: <https://forms.office.com/e/yz7xTibR0B>

Please feel free to share as you feel appropriate for your setting. Youth Work D&G have also been sharing this survey via their social media channels.
